

# Louis Saia: "Mafia to Michael"

**Louis P. Saia III** - Louis is a husband, father and businessman in Tennessee.

Louis was born in New Orleans, Louisiana. He graduated from Loyola University in 1977. Louis grew up working in Saia Motor Freight. The company was founded by his grandfather, Luciano Saia, who immigrated to the USA at the age of 18 from Cefalu, Sicily. Louis was the president of Saia Motor Freight from 1986-1992.

In the late 1980s, Louis received U.S. patents on trucking equipment. He grew a new business by joint venture with one of the biggest corporations in the USA. The invention quickly went nationwide. It was apparent that sales would grow in the 100s of millions if not billions.

Louis found himself pitted against his partner, a large corporation, who wanted complete control of his patent and invention.

He soon found himself bankrupt and hopeless. The devil began to tempt him during sleepless nights. Louis considered carrying out a vendetta that would jeopardize his very soul. It was during this time that the Virgin Mary appeared to him and changed his whole life. He claims her compassion, protection and council truly saved him from despair, jail, and hell.

The Virgin Mary, Our Lady of Compassionate Protection, appeared to him in broad daylight on March 17, 1996, spoke to Louis in locutions for 18 months, and told him 'Just have faith in my Son Jesus.' Six weeks after his first apparition St. Michael the Archangel interceded on his behalf in a Delaware Court.

Louis found himself in New York City for court hearings which spanned 1 1/2 years.

He made the journey from money and wise guys to a foot soldier for the Archangel Michael!
